FINANCIAL STATEMENTS
TOGETHER WITH AUDITOR'S REPORT

AS OF AND FOR THE YEARS ENDED
JUNE 30, 2022 AND 2021

MERCY CENTER, INC.
INDEX TO FINANCIAL STATEMENTS
AS OF AND FOR THE YEARS ENDED JUNE 30, 2022 AND 2021

NawrockiSmith
CERTIFIED PUBLIC ACCOUNTANTS

INDEPENDENT AUDITOR'S REPORT

To the Board of Directors of
Mercy Center, Inc.:

Opinion

We have audited the accompanying financial statements of Mercy Center, Inc. (the "Center", a nonprofit organization), which comprise the statement of financial position as of June 30, 2022, and the related statements of activities and changes in net assets, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Mercy Center, Inc. as of June 30, 2022, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Mercy Center, Inc. and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Mercy Center, Inc.'s ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

NawrockiSmith

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Mercy Center, Inc.'s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Mercy Center, Inc.'s ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Prior Period Financial Statements

The financial statements of Mercy Center, Inc. as of June 30, 2021, were audited by other auditors whose report dated May 6, 2022, expressed an unmodified opinion on those statements.

Hauppauge, New York

Property and equipment included in accounts payable and accrued expenses	$ -	$ 55,672

The accompanying notes to financial statements are an integral part of these statements.

(1) Nature of organization

Mercy Center, Inc. (the “Center”) is organized under the Not-For-Profit Corporation Law of the State of New York and is qualified as a publicly supported organization exempt from federal income tax under section 501(c)(3) of the Internal Revenue Code. The Center was incorporated in January 1995 for the purpose of providing supportive services to women, parents and families and is located in the Bronx, New York. The Center conducts classes, workshops and support groups and provides individual counseling for participants in order to help them reach their full potential, lead meaningful lives and be agents of change in families and communities. The Center’s primary sources of support are contributions and grants, government support and special events.

(2) Summary of significant accounting policies:

Basis of accounting and financial statement presentation -

The accompanying financial statements include the assets, liabilities, revenues and expenses of the Organization which are reflected under the accrual basis of accounting. The following is a summary of significant accounting policies followed by the Center:

Financial statement presentation -

The accompanying financial statements are presented in accordance with U.S. generally accepted accounting principles, and include the accounts of the Center’s programs, and administration and fundraising. U.S. generally accepted accounting principles require that the Center’s financial statements distinguish net assets and changes in net assets between those with and without donor restrictions. The Center’s net assets consist of the following:

Without donor restrictions - net assets of the Center which have not been restricted by an outside donor or by law and are therefore available for use in carrying out the operations of the Center.

With donor restrictions - net assets subject to donor-imposed restrictions. Some donor-imposed restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity.

As required by U.S. generally accepted accounting principles, the Center has also presented Statements of Cash Flows for the years ended June 30, 2022 and 2021.

Cash -

Cash includes monies held at financial institutions.

Investments -

Investments are stated at fair value for the periods presented. Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. The Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") on fair value measurements also establishes a fair value hierarchy, which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to measurements involving significant unobservable inputs (Level 3 measurements).

Investment return includes dividends, interest and other investment income: realized and unrealized gains and losses on investments carried at fair value; and realized gains and losses on other investments, less external investment expenses. Gains and losses on the sale of securities are recorded on the trade date and are determined using the specific identification.

Investment return is reflected in the Statements of Activities and Changes in Net Assets with or without donor restrictions based upon the existence and nature of any donor or legally imposed restrictions.

Investments in money market funds having a readily determinable fair value are carried at fair value. Pooled investments are recorded at net asset value ("NAV") as a practical expedient, to determine fair value of the investments.

Government support receivable -

The Center records government support receivables based on established contracts with funding agencies. A receivable is recorded when expenses incurred under the terms of the contract exceed cash received.

Contributions and grants receivable -

Contributions and grants that are expected to be collected within one year are recorded at their net realizable value. Contributions that are expected to be collected in future years are recorded at the present value of their estimated future cash flows.

Allowance for doubtful accounts -

Receivables are charged to bad debt expense when they are determined to be uncollectible based upon a periodic review of the accounts by management. Factors used to determine whether an allowance should be recorded include the age of the receivables, a review of payments subsequent to year-end, historical information and other factors. Management has determined that an allowance for doubtful accounts was not necessary as of June 30, 2022 and 2021.

Property and equipment -

Property and equipment in excess of $1,000 are capitalized at cost or, if donated, at fair market value as of the date of receipt. Depreciation and amortization of property and equipment is recorded on a straight-line basis over the estimated useful lives of the assets as follows:

Building and building improvements	39 years
Leasehold improvements	10 years
Equipment, furniture and software	5-7 years

Impairment of long-lived assets and long-lived assets to be disposed of -

The Center follows the provisions of the FASB ASC on accounting for the impairment or disposal of long-lived assets which require that long-lived assets and certain identifiable intangibles be reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. Recoverability of assets to be held and used is measured by a comparison of the carrying amount of an asset to future net cash flows expected to be generated by the asset. If such assets are considered to be impaired, the impairment to be recognized is measured by the amount by which the carrying amount of the assets exceeds the fair value of the assets. Assets to be disposed of are reported at the lower of the carrying amount or fair value less costs to sell. These principles did not have a material impact on the Center's financial position, results of activities or liquidity during the years ended June 30, 2022 and 2021.

Deferred rent and work allowance -

Rent expense has been recorded on the straight-line basis over the term of the lease. Deferred rent has been recorded for the difference between the fixed payment and rent expense. Deferred work allowance (lease incentive) is amortized on the straight-line basis over the term of the lease.

Revenue recognition -

The following are the significant revenue recognition accounting policies of the Center:

Grants and contributions - Grants and contributions are recognized as income when received and are considered to be available for unrestricted use unless specifically restricted by the donor. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the Statements of Activities and Changes in Net Assets as net assets released from restrictions. Contributions restricted by donors are reported as increases in net assets without donor restrictions if the restrictions expire in the reporting period in which the revenue is recognized. Conditional contributions are accounted for as a liability or are not recognized as revenue initially, until the barriers to entitlement are overcome, at which point a transaction is recognized as unconditional and classified as either net assets with donor restrictions, or net assets without donor restrictions.

Government support - Government support revenue is recognized when earned. Revenue is earned when performance obligations, as defined in each contract, are fulfilled. Funds received but not yet earned are shown as deferred income. Expenditures under contracts are subject to review by the granting authority.

Fundraising revenue - The portion of fundraising revenue that relates to the commensurate value the attendee receives in return is recognized when the related events are held, and performance obligations are met.

In-kind contributions -

Donated services are recognized as contributions if the services create or enhance nonfinancial assets or require specialized skills, are performed by people with those skills, and would otherwise be purchased by the Center. Contributed services include information technology services and legal services as well as salaries for part-time ESL (English as a Second Language) teachers, a full-time community worker, and a part-time youth group-leader. Donated services of $34,950 and $30,407 were recognized during the years ended June 30, 2022 and 2021, respectively.

Liquidity and availability -

Financial assets available for general expenditures, that is, without donor or other restrictions limiting their use, within one year of the Statements of Financial Position date, comprise the following:

	2022	2021
Financial assets at year-end:		
Cash	$ 251,981	$ 800,732
Investments	2,206,487	3,210,461
Contributions and grants receivable	309,850	406,539
Government support receivable	1,181,890	312,108
Total financial assets	3,950,208	4,729,840
Less: funds with donor restrictions	(1,261,211)	(1,649,105)
Total financial assets available to meet cash needs within one year	$ 2,688,997	$ 3,080,735

The Center's net assets with donor restrictions consist of endowment funds and funds restricted by donors. Income from donor-restricted endowments is not restricted. The corpus of donor-restricted endowment funds are not available for general expenditure.

The Center manages its liquidity following three guiding principles: operating within a prudent range of financial soundness and stability, maintaining adequate liquid assets to fund near-term operating needs and maintaining sufficient reserves to provide reasonable assurance that long-term obligation will be discharged. The Center forecasts its future cash flows and monitors its liquidity quarterly and monitors its reserves annually.

Functional allocation of expenses -

Expenses are recognized when incurred. The Statements of Functional Expenses report certain categories of expenses that are attributable to one or more program or supporting functions of the Center. Therefore, these expenses require allocation on a reasonable basis that is consistently applied. Direct program expenses are reported in their respective functional categories. The significant expenses that are allocated include: salaries, payroll taxes and employee benefits which are allocated on the basis of estimates of time and effort. Depreciation and amortization are allocated on the basis of square footage and use. All other expenses are allocated on a systematic and rational basis.

Income taxes -

The Center qualifies as a tax exempt not-for-profit organization under Section 501(c)(3) of the Internal Revenue Code and applicable New York State tax laws. Accordingly, no provision for federal or state income taxes is required.

Uncertainty in income taxes -

The Center recognizes the effect of income tax positions only if those positions are more likely than not of being sustained. Management has determined that the Center had no uncertain tax positions that would require financial statement recognition. The Center is no longer subject to examination by the applicable taxing jurisdictions for tax years prior to 2018.

The use of estimates in the preparation of financial statements -

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts of assets and liabilities at the date of the financial statements and the amounts of revenues and expenses during the reported period. Actual results may differ from those estimates.

Reclassifications -

Certain reclassifications of prior year balances on the Statements of Financial Position have been made to conform to the current year presentation. These reclassifications had no effect on the change in net assets for the year ended June 30, 2021.

(3) Fair value measurement

The FASB *Fair Value Measurement* standard clarifies the definition of fair value for financial reporting, establishes framework for measuring fair value, and requires additional disclosure about the use of fair value measurements in an effort to make the measurement of fair value more consistent and comparable. The Center has adopted the standard for its financial assets and liabilities measured on a recurring and nonrecurring basis.

Fair Value Measurement defines fair value as the amount that would be received from the sale of an asset or paid for the transfer of a liability in an orderly transaction between market participants, i.e. an exit price. The three levels of fair value hierarchy are as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the reported entity has the ability to access at the measurement date.

- Level 2 inputs are inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly.

- Level 3 inputs are unobservable inputs for the asset or liability.

The following table represents the Center's fair value hierarchy for investments as of June 30, 2022:

	Fair Value	Level 1	Level 2	Level 3
Money market mutual funds	$ 461,909	$ 461,909	$ -	$ -
Investments reported using NAV as a practical expedient (A)				
Pooled investments	$ 1,744,578	$ -	$ -	$ -
Total investments	$ 2,206,487	$ 461,909	$ -	$ -

The following table represents the Center's fair value hierarchy for investments as of June 30, 2021:

	Fair Value	Level 1	Level 2	Level 3
Money market mutual funds	$ 1,158,881	$ 1,158,881	$ -	$ -
Investments reported using NAV as a practical expedient (A)				
Pooled investments	$ 2,051,580	$ -	$ -	$ -
Total investments	$ 3,210,461	$ 1,158,881	$ -	$ -

As of June 30, 2022 and 2021, the Center did not possess any level 2 or 3 type of investments.

(A) Certain investments that are measured at fair value using NAV per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The amounts included above are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statements of Financial Position.

The following table summarizes investments measured at fair value using NAV as a practical expedient:

	Fair Value		Unfunded	Redemption	Redemption
	2022	2021	Commitments	Frequency	Notice Period
Pooled investments	$ 1,744,578	$ 2,051,580	$ -	$100,000 increments and limited to one increment per day	None for the first increment of the day; one day notice for any additional increments

The following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying Statements of Financial Position, as well as the general classification of such assets and liabilities pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during the years ended June 30, 2022, and 2021.

Money market mutual funds: Valued at NAV of shares held by the Center at year-end.

Pooled investments: Valued at NAV of shares held at year-end as determined by the investment managers and/or similar market prices.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Center believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Pooled Investments

Pooled investments are held by Mercy Investment Services ("MIS"), which is a diverse institutional investment program for participating communities and organizations of the Sisters of Mercy. It offers a limited number of equity and fixed income mutual funds with varying investment styles, all of which pass through socially responsible investment screens, so that participating organizations can construct well-diversified portfolios to meet their investment needs. The Center's pooled investments consist of equity (70 percent) funds and debt (30 percent) funds. The policy of the Board of Directors is to allocate a portion of investment income to general operations.

(4) Contributions and grants receivable

Contributions and grants receivable at June 30, 2022 and 2021 consist of the following:

	2022	2021
Due within one year	$ 309,850	$ 406,539

(5) Property and equipment

Property and equipment as of June 30, 2022 and 2021 are comprised of the following:

	2022	2021
Land	$ 27,000	$ 27,000
Leasehold improvements	450,030	435,687
Buildings and building improvements	1,786,601	1,782,601
Equipment, furniture and software	320,556	311,900
	2,584,187	2,557,188
Less: accumulated depreciation and amortization	(1,446,023)	(1,307,346)
	$ 1,138,164	$ 1,249,842

Depreciation and amortization expense amounted to $138,677 and $135,843 in 2022 and 2021, respectively.

(6) Pension plan

The Center has a tax-sheltered annuity plan under IRS Section 403(b) wherein all employees are eligible to contribute pre-tax amounts up to IRS maximum limits. The Center is not required to contribute to the plan. For the years ended June 30, 2022 and 2021, the Center did not contribute to the plan.

(7) Paycheck Protection Program

On April 27, 2020, the Center received loan proceeds in the amount of $411,680 to fund payroll and benefits through the Paycheck Protection Program (the “PPP”) under the Coronavirus Aid, Relief and Economic Security Act (“CARES Act”), which was enacted on March 27, 2020. In accordance with U.S. generally accepted accounting principles, the Center has opted to account for its PPP loan as an in-substance conditional government grant, which should be recognized in income when all conditions or measurable barriers have been substantially met. The Center believes all conditions and measurable barriers have been met during the fiscal year ended June 30, 2022. Accordingly, the Center has recorded the proceeds as revenue, which is reflected in contributions and grants income in the accompanying Statements of Activities and Changes in Net Assets. The Center was granted approval for the forgiveness application in 2021.

On March 17, 2021, the Center received a second draw loan in the amount of $381,577. In accordance with generally accepted accounting principles, the Center has opted to account for its PPP loan as an in-substance conditional government grant, which should be recognized in income when all conditions or measurable barriers have been substantially met. The Center believes all conditions and measurable barriers will be met in the fiscal year ended June 30, 2023. Accordingly, the Center has recorded the proceeds as deferred income, which is reflected in the accompanying Statements of Financial Position. The Center was granted approval for the forgiveness application in 2022.

(8) Net assets with donor restrictions

Net assets with donor restrictions as of June 30, 2022 and 2021 are restricted for or related to the following purposes:

	2022	2021
Purpose and time restricted net assets -		
Family development/Familia Adelante	$ 376,876	$ 530,625
COVID-19 related expenses	25,000	17,000
Rent relief	10,000	10,000
Thanksgiving	9,282	19,534
Employment readiness	8,000	-
Immigration services	2,000	25,000
Youth	600	60,000
Tuition	-	1,234
Unappropriated endowment fund Investment return	363,878	520,137
Total purpose and time restricted net assets	795,636	1,183,530
Net assets restricted in perpetuity -		
Endowment	465,575	465,575
Total net assets with donor restrictions	$ 1,261,211	$ 1,649,105

Net assets were released from donor restrictions by incurring expenses satisfying the restricted purposes or by occurrence of other events specified by donors for the years ended June 30, 2022 and 2021 as follows:

	2022	2021
Family development/Familia Adelante	$ 508,930	$ 502,500
Youth	216,000	281,686
Investment return	156,259	-
Immigration services	115,250	58,124
COVID-19 related expenses	37,000	191,774
Thanksgiving	15,511	-
Reading enrichment	2,500	-
Tuition	1,234	-
Renovations and upgrades	-	119,645
Stripe	-	7,989
Lapse of time restrictions	-	9,477
	$ 1,052,684	$ 1,171,195

(9) Endowment

General -

The Center's endowment consists of a donor-restricted endowment fund established to support the general operating purposes of the Center. As required by generally accepted accounting principles, net assets associated with endowment funds are classified and reported based on the existence or absence of donor-imposed restrictions.

Interpretation of relevant law -

The Center has interpreted the New York Prudent Management of Institutional Funds Act ("NYPMIFA") as allowing it to appropriate for expenditure or accumulate so much of an endowment fund as is determined prudent for the uses, benefits, purposes, and duration for which the endowment fund is established, subject to the intent of the donor as expressed in the gift instrument. Unless stated otherwise in the gift instrument, the assets of a donor-restricted endowment fund shall be donor-restricted assets until appropriated by the Center. The Center classifies the original value of gifts donated to the endowment as net assets with donor restrictions in perpetuity. The remaining portion of donor restricted endowment is classified as net assets with donor restrictions until appropriated for expenditure in a manner consistent with the standard of prudence prescribed by NYPMIFA. Management has interpreted state law to permit prudent spending from underwater endowments.

Return objectives, strategies employed and spending policy -

The objective of the Center is to grow the principal endowment funds and to provide a predictable stream of funding to programs supported by its endowment. The investment policy adopted to achieve this objective is to invest in a mix of money market funds, equities and fixed income instruments. Investment income earned in relation to the endowment funds is recorded as income with donor restrictions and released from restrictions upon appropriation by the Board of Directors.

Funds with deficiencies -

The Center has no funds with deficiencies as of June 30, 2022 and 2021.

The endowment net asset composition for the years ended June 30, 2022 and 2021 were:

	2022	2021
Donor-restricted endowment fund		
Oringinal donor-restricted gift amount and amount required to be maintained in perpetuity by donor	$ 465,575	$ 465,575
Accumulated investment return on endowment	363,878	520,137
	$ 829,453	$ 985,712

Changes in endowment net assets for the years ended June 30, 2022 and 2021 were:

	2022	2021
Endowment net assets, beginning of year	$ 985,712	$ 758,660
Investment return	(156,259)	227,052
Endowment net assets, end of year	$ 829,453	$ 985,712

(10) Operating lease

The Center has a lease for office space that expires in September 2025. Under this lease agreement the Center was required to fund a security deposit in the amount of $54,167. Rent expense for the years ended June 30, 2022 and 2021 was $161,232 and $151,884, respectively.

Future minimum rental payments are due as follows:

Year Ending June 30,	
2023	$ 199,369
2024	205,351
2025	211,511
2026	53,006
	$ 669,237

The Center incurred costs to renovate its space. The lease included a provision whereby the landlord contributed up to $260,000 to the cost of "Qualified Renovations" as defined in the lease, which was to serve as a "work allowance". The work allowance is being treated like deferred rent and, therefore, is being amortized over the life of the lease. This related offset to rent expense is included in occupancy costs on the Statements of Functional Expenses.

(11) Concentrations:

Cash -

The Center maintains its cash in bank accounts which, at times, may exceed federally insured limits. The Center has not experienced any losses in such accounts. As of June 30, 2022 and 2021, $0 and $477,000 was in excess of insured limits, respectively.

Investments -

The Center invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such change could materially affect the amounts reported in the accompanying Statements of Financial Position.

Contributions and grants receivable and related revenues -

Contributions and grants receivable in the amount of $175,000 as of June 30, 2022, was due from one source. Contributions and grants receivable in the amount of $300,000 as of June 30, 2021, was due from two sources. Government support receivable in the amount of $1,140,806 as of June 30, 2022, was due from one source. Government support receivable in the amount of $283,516 as of June 30, 2021, was due from one source. Contributions and grants revenue in the amount of $456,250 in 2022 and $500,000 in 2021 were recognized from two sources. Government support revenue in the amount of $1,527,900 in 2022 and $1,381,860 was recognized from one source. These represent concentrations of revenue and credit risk to the Center.

(12) Subsequent events

The Center has evaluated subsequent events through January 10, 2023, which is the date these financial statements were available to be issued, noting no matters which require disclosure in the financial statements.
